

## WILL OPERATE CAR OVER COLONY LINE BY END OF WEEK

CROSSING FOR I. C. TRACKS HAS  
NOT ARRIVED—CAR WILL  
BE "JUMPED" OVER.

### TO CONNECT TROLLEY TOMORROW

Trolley Wire Is Protected By Guard  
To Prevent Stalling On the  
Railroad Tracks.

The Myers Construction company of Chicago, who has the contract for building the street car line for the Sterling, Dixon & Eastern Electric railroad from Fellows street north on Crawford avenue to the grounds of the state epileptic colony, has about completed the work and now awaits the arrival of the crossing to be put in by the Illinois Central Railroad company. The trolley wire is now strung and will be "cut in" on the Fellows street trolley tomorrow. It is expected to run a car out over the extension the last of the week. The car will have to be "jumped" over the Illinois Central tracks and it is hoped to be able to carry passengers over the north part of the extension next week.

Under a ruling of the state utilities commission all trolley wires at crossings of steam lines now built must be protected, so that in case the trolley pole jumps the wire on the crossing it cannot fly up into the air and possibly stall the street car on the crossing in front of an approaching train. On each side of the trolley over the railroad tracks is a strip of galvanized iron about two and one-half inches wide which forms a sort of trough and acts as a guard to hold the wheel of the trolley pole on the wire.

## PLAN BRIDGE NEAR IVES GRAVEL PIT

CITY AND TOWNSHIP WILL ACT  
JOINTLY ON IMPROVEMENT  
WEST OF DIXON

Highway Commissioners Rosbrook and Fisher with County Supervisor of Highways L. B. Neighbour were taking measurements today for a bridge to be erected on the Rock Island road, near the Ives gravel pit. The bridge is located on the township and city line and the expense of erection will be stood jointly by the two. After the fill is made for the approach to the new overhead bridge over the Northwestern railroad tracks, the road is to be macadamized to the township line and the city expects to grade the road and fill the chuck holes east to Sherman avenue.

Measurements were also taken for a culvert to be erected across the Lincoln way east of town near the Wilbur Crawford farm.

## INJURED TAKING MOVIE SCENE

Premature Explosion of Powder Im-  
periled Hundreds Today.

(Associated Press)  
New York, June 29—Five hundred and fifty men and women, crowded into a temporary structure for taking a moving picture scene, were imperiled by the premature explosion of powder which was to have been used to demolish the building. Miss May Kearney, an actress, is in a critical condition, and Catherine A. Fox and Mrs. Cochran Willard are seriously burned.

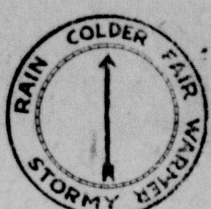

## Cherry Mine Murderer In Chicago Admits His Guilt

Chicago, June 29—Crazed with a desire for revenge, Henry Porienteni descended 550 feet into the St. Paul mine at Cherry, Ill., March 21, 1915, and, it is alleged, shot and killed John Hozie, a miner, and nine mules. He was brought to Chicago today from England, where he fled after the murder, by Sheriff Bert Skoaglund of Bureau county, where he will be taken for trial.

After murdering his fellow worker Porienteni fled to New Orleans

The weather for the next 24 hours is: Partly cloudy to night and Wednesday with probable showers to night. Cooler.

## Engagement On Dardanelles May Be Very Important

London Says Heavy Artillery  
Firing Means Operation Out  
Of Ordinary

(Associated Press)  
North of Lemberg the Austro-German forces are on Russian soil and the Russians have been driven across the Gnla river, north of Palicz, according to official announcement from Berlin.

**Important Operations.**  
Constantinople reports heavy artillery fire on the Dardanelles with infantry attacks, which the Turks declare they have repulsed. It is hinted in London that these operations may prove of more than ordinary importance.

**Teutons' Losses Heavy**  
Telegraphing from Russian headquarters, a correspondent of the London Times says it is estimated that the recent successes of the Austro-Germans in Galicia cost the Teutonic allies nearly three-quarters of a million men and that the enemy is no nearer a solution of the war than before.

**Italians Inactive.**  
Austria reports entire inactivity on the part of the Italians with the exception of some artillery fire.  
**Berlin's Statement**  
Berlin says that the engagements in the territory northward from Lemberg resulted everywhere in the defeat of the Russians, who in one section were driven over the border. The Russians are beginning to evacuate their positions along the river San.

## EXPECT BIG CROWD AT AMBOY PICNIC

PROMOTERS OF SOIL IMPROVE-  
MENT ASSN. ANTICIPATE  
GOOD SUPPORT.

Amboy tomorrow will be the Mecca of all Lee county people who are interested in the improvement of the soil and the increase of crops of the county. The picnic which has been arranged by the Amboy Commercial club and a number of public spirited citizens from various parts of the county, will be held at Green River park, and will doubtless be a great event. Dinner will be served at noon and free coffee, cream and sugar will be served by the committee.

Two bands will furnish music during the day, commencing at 9 o'clock and at 10 o'clock Amboy and Lee Center will stage a baseball game which should be of exceptional interest. The feature of the day, however, will be an address at 1:15 o'clock by W. F. Handschin, state leader of the County Agent movement of the United States Department of Agriculture. It is hoped that tomorrow's picnic will result in the formation of a County Soil Improvement association and will enable the securing of a soil expert.

## EUROPEAN NATION MAY BE BACK OF HUERTA MOVEMENT

STATE DEPARTMENT IS SAID TO  
HAVE EVIDENCE TO THAT  
EFFECT.

### VILLA AIDE IN WASHINGTON

Held Conference With Brig. Gen.  
Scott, U. S. A., At War  
Department.

(Associated Press)  
Washington, June 29—It is stated that others may be identified with the Huerta conspiracy and it is intimated that the citizens of one of the European belligerents are involved.

It is said, also, that the state department is in possession of evidence connecting Gen. Angeles, Gen. Villa's right hand man, with the plot.

Angeles and Enri Que Llorente, the head of the Villa agency here, were in conference at the war department today with Brigadier General Scott, Chief of Staff U. S. A. Llorente said that Angeles' mission was a military one and that later in a public statement Angeles would deny any connection with the Huerta conspiracy.

**Did Not Reveal Mission.**  
After the conference Gen. Scott said Angeles had not revealed his mission, and further that Angeles had announced his intention of rejoining Villa in Mexico. He presented Gen. Scott with a personal letter from Villa.

**El Paso, Tex., June 29.—It is** learned that the basis of the federal warrant on which General Huerta was arrested was the discovery of the purchase of a large quantity of war material to be used in furthering a military movement in Mexico. Huerta, if convicted, can be sent to prison or fined.

The war supplies, said to include fourteen machine guns, 500 rifles and 100,000 rounds of ammunition, were found by American soldiers in a local warehouse, which is under guard.

**Americans Aid Huerta.**  
Washington, June 29.—The representatives of General Villa in Washington are of the opinion that the money with which the new Huerta revolution is to be financed is being supplied either by a foreign government or by New York financiers who

## ELDEST WOMAN IN COUNTY BREAKS ARM

MRS. WILLIAM HUNT FELL AT  
HOME IN ASHTON—IS 91  
YEARS OF AGE.

Mrs. Millican Hunt, supposed to be the oldest lady in Lee county, having passed her 91st birthday, and who is the mother of Supervisor Wm. Hunt of Ogle county, accidentally tripped and fell while walking about the lawn at the home of her son-in-law, Jos. C. Wetzel, of Ashton, this morning and sustained a broken right arm. Mrs. Hunt has long been a prominent resident of this section and was at one time a resident of Franklin Grove. Many will regret to hear of her accident.

## EXPERT SAYS THAW IS SANE

Head of New Hampshire Hospital So  
Testified At Hearing.

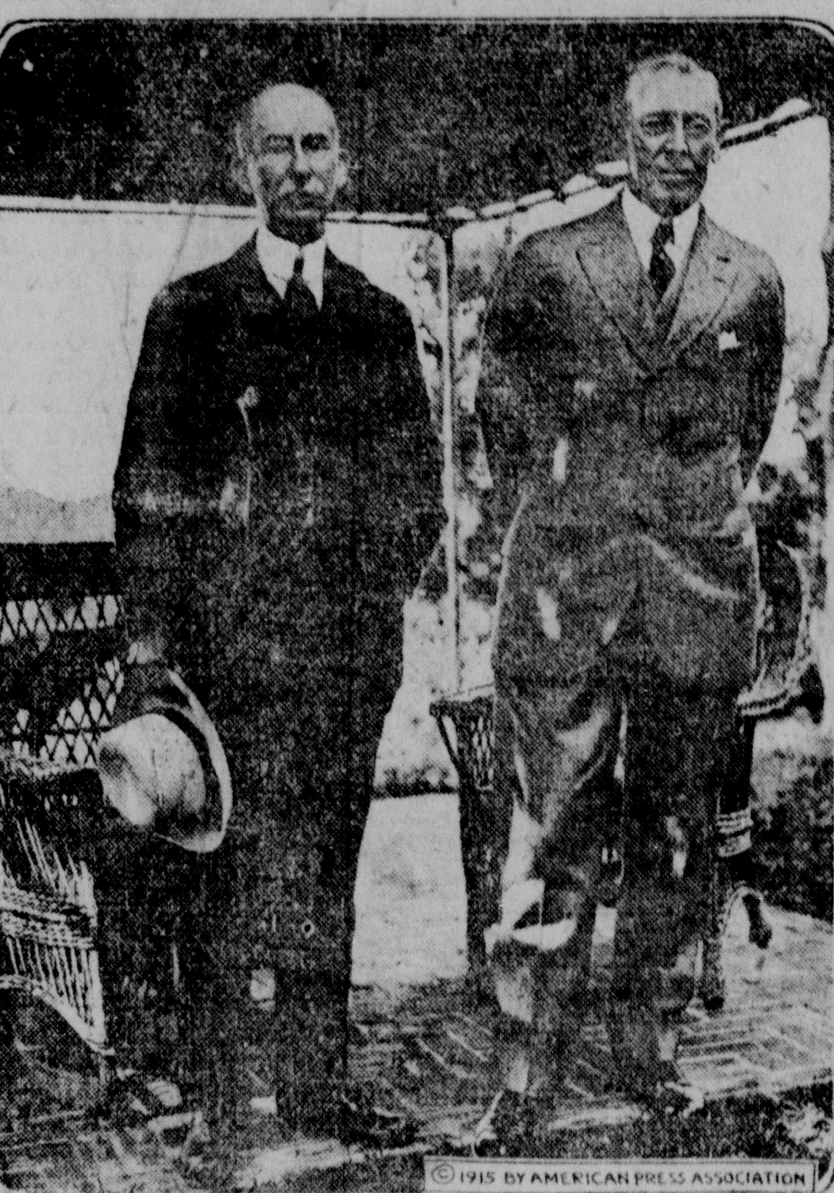

(Associated Press)  
New York, June 29—Dr. Charles Bancroft, head of the New Hampshire Hospital for the Insane and a member of the federal commission which examined Harry Thaw, testified today that in his opinion Thaw had always been sane.

## ARCHBISHOP IS MUCH WORSE Outcome of Rt. Rev. Quigley's Illness Now In Doubt

(Associated Press)  
**BULLETIN 3 P. M.**  
Rochester, N. Y., June 29—Archbishop Quigley is sinking rapidly. He is now unconscious.

Rochester, N. Y., June 29—The condition of Archbishop Quigley of Chicago is much worse according to the attending physicians. The outcome is in doubt.

## President Wilson and Colonel House After Their Interview.

The accompanying photograph of Colonel House and President Wilson was taken at the summer home of Colonel House in Roslyn, N. Y. Colonel House, the president's close friend and unofficial envoy to Europe, gave the president the results of his sojourn of several months in the principal capitals of Europe, where he talked intimately with the responsible officials of the German, British and French governments. Colonel House, it is understood, told the president that there is small hope for peace at present in Europe. All foreign governments, however, have been made to understand the willingness of the United States to be of any service in any way possible to pave the way for an approach to peace.

## FORMAN'S LEGS ARE BROKEN BY MACHINE

FRED KUPP OF STATE AID ROAD  
GANG WAS VICTIM OF  
ACCIDENT.

Fred Kupp, foreman of the crew of men who are building the concrete state aid road on the Chicago road south of the Shippert Corners, had both legs broken and make have suffered other injuries, including internal hurts, at 2 o'clock this afternoon when the heavy elevating trough of the power concrete mixer fell on him crushing him to the ground.

The particulars of the accident could not be ascertained this afternoon because of excitement attending the foreman's injuries and the distance from the city. A Dixon surgeon was summoned at once and the suffering man was brought to the hospital in this city where he is now under the care of surgeons.

## SAYS IT IS MISUNDERSTANDING

Meyer Gerhard Writes An Article For  
Berlin Newspaper.

(Associated Press)  
Berlin, June 29—Der Tag publishes an article written by Meyer Gerhard, who was sent here by Count von Bernstorff, German ambassador at Washington, in which Gerhard says his experiences have convinced him that both countries misunderstood each other.

## FAIR WEATHER ON THE FOURTH

Government Bureau Forecasts Gen-  
eral Pleasant Weather Conditions

(Associated Press)  
Washington, June 29—Fair weather for the Fourth of July is forecasted for every section of the country except Oregon.

## DIXON MEN GET PARKER SWING

Sweetman & Crawford of this city yesterday received a new Parker swing from the Parker factories at Leavenworth, Kas., and the big machine, which is the finest of the Parker line of merry-go-rounds, will be set up at once on the lot west of the Dewey hotel, ready to entertain all the kiddies, and grown-ups, too, during the big celebration here on Monday.

## SUGGEST INFORMANT FOR AUTO TOURISTS

MANY MOTOR PARTIES STOP IN  
DIXON FOR INFORMATION AS  
TO ROUTES, ETC.

The roads in the country are now reported in fine condition for automobile traveling and many people with cars have the fever of taking auto tours about the country. The number of tourists who pass through the city over the Lincoln Highway daily is large, most of them coming from eastern points and are bound for various points in the west. A great many stop in this city to inquire as to the best route from the city to some given point or as to some good point to pitch their camp for the night, as many are camping along the way. It has been suggested that the Commercial club of the city could do no more in putting Dixon as one of the foremost cities along the great Lincoln Highway than by having a man hired and on the street to give all desired information to the tourists as they come through. This certainly would make a great hit and is a good suggestion.

## HAS SCHEME TO PROTECT SHIPS

United States Would Notify Germany  
Of Movements

(Associated Press)  
Washington, June 29—That submarine commanders may not mistake American vessels, the United States has advised a policy notifying the German admiralty of the time of departure and the approximate hours during which every American ship will pass the war zone.

## None Of Autoists Hit By Train Are Seriously Injured

Presence Of Mind Displayed By  
Driver Prevented Dis-  
astrous Accident

The occupants of the automobile which was struck by west bound passenger train No. 19 on the Northwestern road at the crossing a mile and a half west of Franklin Grove yesterday afternoon at about 3:15 o'clock are all getting along nicely and all are congratulating themselves that they escaped with their lives. James McNair and wife spent the night at the hotel, while their daughters, May and Helen, were at the hospital. The young ladies were bruised considerably but escaped with no broken bones. Mrs. McNair suffered a slight sprain to her left shoulder. They will remain here a day or so before continuing their trip to Chicago.

Mr. McNair and family reside at Arabia, Neb., and with Mr. and Mrs. J. W. Yeats of Valentine, Neb., were motoring in their machines to Chicago. Mr. Yeats was leading the way and on account of dust the machines were traveling some distance apart. Mr. McNair stated that he did not notice the approaching train until he was about ready to go onto the crossing and then the train was less than a hundred feet away. Seeing that it would be impossible to make the crossing ahead of the train he put on the brakes and headed the car west down the right-of-way in the direction the train was going. The side of the engine struck the front fender of the car and this threw it away from the train and swung the rear end around and when the corner of the baggage car hit the back seat of the auto, in which the young ladies were riding, the impact threw them out. Neither Mr. or Mrs. McNair were thrown from the car. Miss May was the more seriously bruised as she struck the side of her head and shoulder in falling and was rendered unconscious. The automobile was badly sprung; two wheels were damaged and the back seat was broken. It will be left in a garage a few days for repairs.

## ATTACK ON MEXICO CITY IS POSTPONED

GEN. GONZALEZ TRYING TO AC-  
COMPLISH SO BATTLE WILL NOT  
BE IN THE CITY.

(Associated Press)  
Washington, June 29—Gen. Carranza has telegraphed his agency here that further attacks on Mexico City have been delayed while Gen. Gonzales is trying to make arrangements to avoid a battle within the city itself. American refugees are beginning to arrive at Gonzales' camp at the outskirts of the city.

## Archives Removed.

Galveston, June 29—The Constitutionalist consul here states that the Zapata government archives have been removed from Mexico City to Cuernavaca, and that trains for the transportation of the troops are in readiness for the evacuation of the city.

## Jews Urge That America Stop Shipments To Warring Powers

(Associated Press)  
Charlevoix, Mich., June 29—The fate of one-half the Jews of the world is trembling in the balance as a result of the great war in Europe, according to Rabbi Moses J. Gries of Cleveland, president of the Central Conference of American Rabbis, who addressed its 26th convention here today.

"A crisis impends for Israel," said Rabbi Gries. "The fate of one-half the Jews of the world is trembling in the balance. The million Jews of Eastern Europe are buffeted from prosecutor to oppressor. Is it the beginning of a new epoch in the Jewish history? The war of the nations and the conflict of races will affect permanently the lives of the whole Jewish people everywhere."

## DEVINE THINKS MRS. ALLEN WAS KILLED; REPORTS TO DUNNE

GAVE GOVERNOR A VERBAL RE-  
PORT TODAY AND WAS  
DISCHARGED.

### MEN WERE NOT MISTREATED

Governor's Interest Was Only Con-  
cerning Treatment of the  
Convicts.

(Special to Telegraph)  
Springfield, Ill., June 29—Representative John P. Devine of Dixon, who was sent to Joliet by Gov. Dunne as his personal representative to see that there was no ill treatment of the convicts held in connection with the murder of Warden Allen's wife one week ago Sunday, arrived in Springfield today, made a verbal report to the governor and was discharged from further duty.

**Everything All Right.**  
Mr. Devine said: "I found everything all right at the penitentiary. I was informed personally by the men held in connection with the murder of Mrs. Allen that they were not being mistreated. There was no stringing up during their examination. This was all the governor was interested in and that was all my report contained."

**Mrs. Allen Was Murdered.**  
"I am personally of the opinion that Mrs. Allen was murdered. I am convinced there was a fracture of the skull and I do not think there is anything in the rumor to the contrary. As to who I believe is guilty of the murder I do not care to be quoted."

## CLOSE TESTIMONY IN DRAINAGE CASE TODAY

INLET COMMISSIONERS WILL  
COMPLETE INTRODUCTION  
OF REBUTTAL EVIDENCE

It is expected to close up the rebuttal testimony in the hearing over the annexation of more land in the Inlet Swamp Drainage District in the county court today. This will conclude the hearing on the objections as raised by the various land owners and some day next week Judge Crabtree expects to go out over the land which he has not yet viewed in order to familiarize himself with objections raised. The following week he expects to be ready to make his ruling as to what objections will be sustained. The next step will be to decide on the benefits to be received and to make the assessment accordingly. The land owners will no doubt ask for a jury to decide on this question.

## FIND DYNAMITE NEAR FACTORY

Quebec Machine Shop, Expecting Con-  
tract, Is Imperial.

(Associated Press)  
Quebec, June 29—Fifty sticks of dynamite were found last night buried in the ground near the Mercier machine shops which are expecting a contract for ammunition from the British government.

licia and Poland suffer equal tragedy but the world neither sees nor hears. Millions of Jews, always in want and in wretchedness, now experience cruelty intensified. Hundreds of thousands are sacrificing their lives for the flag of their country, yes, even for the flag of the oppressor, and no promise of freedom is clearly spoken.

**Jews Should Unite.**  
"The psychological hour for the Jew has come and united Israel should speak with one voice."

"The war has flung the challenge to teachers of religion. Difficult and most perplexing are its ethical problems. What is the duty of the people of a neutral nation? Neutrality cannot spell indifference. Never has there been so keen an interest in the affairs of the world. Neutrality cannot compel suspension of moral obligation and of ethical judgment. ## DEAD TOWNS.

This is a great and growing country but there are many dead towns in it.

A dead town is one in which the cemetery and the savings bank accounts do all the growing. It can be told readily by the way the citizens tell a stranger the time the next train leaves without waiting to be asked.

They know he is going to escape as soon as possible.

In a dead town the living citizens wear badges to keep the coroner from getting confused. The milk wagon whistles for the crossing and the children cut dandelions greens on the main street. The paint salesman goes through on the fast train and the traveling men who stop there read the time table for excitement in the hotel at night. The curfew blows at 6 p. m. to wake up the people for supper and half the population is suffering from spider bites contracted while trying to break into the stores.

In a dead town crickets are arrested for disorderly conduct, and citizens rest up for a day after an exciting checker game. The town board makes owners of cows hang licenses on them when they run the streets,

## SCHOFIELD HOTEL AND COTTAGES

This popular resort is almost as well known as the Dells. It has been entertaining summer guests for forty years, and has lately been enlarged in capacity by the erection of a large modern building, fully equipped with every modern convenience, and affording dining room, assembly parlors, etc. This is an addition to the popular cottage plan, and adds to the previous popular attractions of the older system. The hotel and cottages are in extensive grounds, delightfully shaded by large oaks, and being away from the river is most especially desirable for families with children. The location is in the edge of Kilbourn on a pretty resident street, but a pleasant walk from the river and depot, and with regular free bus and carriage service to these points. The large hotel is not surpassed in this locality in point of modern style and comfort. The annex cottages and grounds make it altogether everything that anybody would desire. The test of efficiency is in the table. This hotel is especially noted for its excellent table board. Fresh butter, eggs, vegetables and fruit are supplied daily from the farm, and its preparation by a professional chef is perfect; chicken dinners twice a week.

### THE PRICES ARE LOW SOLELY:

- 1—Because of largely increased volume of production:
- 2—Unrivalled manufacturing resources:
- 3—The Studebaker policy of manufacturing our cars complete in our own factories and thus eliminating parts-makers' profits:
- 4—The greatly increased efficiency resulting from 4 years study and concentration on the manufacture of two chassis.
- 5—The high percentage of interchangeability of parts in the two chassis.

A whole Book of Specifications couldn't begin to convey the impression that your first glimpse of the cars will give—you must see the cars to appreciate them.

## Wedding of Miss Genevieve Clark and James M. Thomson to Be Brilliant Affair.

Photos by American Press Association.

The entire country in general, and Bowling Green, Mo., and Washington in particular, are on the tip-toe of expectancy over the approaching wedding of Miss Genevieve Clark, the daughter of Speaker and Mrs. Champ Clark and James M. Thomson of New Orleans. The wedding will take place June 30 at the Clark home in Bowling Green, Mo. Miss Clark and Mr. Thomson first met at the Baltimore convention, where Mr. Thomson went in the interest of the speaker. Miss Clark is one of the most popular of the young girls in official circles in Washington. Mr. Thomson was graduated from Johns Hopkins in 1897 and was only nineteen when he finished at the university. He is a native of Virginia, the son of Dr. and Mrs. Augustus Pembroke Thomson of Summit Point, W. Va., and is editor and publisher of the New Orleans Item.

with a dinner for them, Atty. and Mrs. E. E. Wingert and family, and Mrs. Harold Hyde of Minneapolis being the guests. Monday afternoon they were guests of honor at a picnic supper at Lowell park. The other guests were Mr. and Mrs. E. E. Wingert, Mr. and Mrs. John Laing, the Misses Pratt, and Frank Pratt, Mrs. A. C. Warner of this city, Mrs. Harold Hyde of Minneapolis, and R. J. Bennett of Chicago.

**Return from East**

### To Have Pretty Hair

If your hair is not soft and pretty, give it daily attention, just as you would a plant to make it grow healthy and beautiful. Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, stimulate the hair roots and bring out the new hairs. If it is too dry and brittle, soften it up—lubricate it. To get rid of all dandruff, simply freshen up the scalp.

An inexpensive tonic, called Parisian—sold at all drug counters or by Rowland Bros.—softens the scalp, nourishes and invigorates the hair roots, immediately removes all dandruff and makes the hair fluffy, lustrous and abundant. One application will stop itching head and cleanse your hair of dust and excess oil. Parisian Sage makes the hair seem twice as abundant and beautifies it until it is soft and lustrous, and pretty hair will surely increase charm and beauty.

### Guests of Miss Miller

Miss Priscilla Noerenberg of Highland Park and Miss Anna Warner of Shannon, Ill., motored to Dixon in Miss Warner's car Saturday and spent Saturday and Sunday with Miss Lina Miller.

## WHO IS BEHIND HUERTA?

The question that now presents itself is who is behind General Victoriano Huerta, former president of Mexico, who went to El Paso, Texas, with the intention of taking a hand in Mexican affairs. The first impression of Americans will be that the guiding spirit is quite likely to be our old friend, J. Bull, who displayed the keenest propensity for engaging in the public affairs of other nations, and especially on this continent. When the question of the Panama canal tolls was up Mr. Bull came over and taking President Wilson to one side, kindly, but firmly, showed him that the policy of the United States was wrong, and insisted that the tolls come off. Off they came. It is quite plain now that Great Britain, perceiving that the warring elements in Mexico will never be able to bring order out of the chaos existing in that unhappy land, believes that General Huerta, who is undoubtedly a man of force and ability, albeit there is a suspicion that he is a murderer, is the only man who can restore order in Mexico. The British interests in that land are very large, indeed. It is not, therefore, outside the bounds of possibility that Great Britain sent General Huerta to Mexico in the hope that they would be able to manipulate Mexican affairs to their own advantage. When Huerta was arrested he was able to furnish bail in the sum of \$15,000 with the most astonishing readiness. It almost appeared that he had anticipated some such action on the part of the United States authorities and was prepared for it.

The government of the United States can hardly view with equanimity any efforts on the part of Great Britain to assume control of affairs in Mexico. On the other hand, Great Britain probably argues that since three years of anarchy, murder and rapine have passed without action on the part of the United States that there is little prospect that this government will ever do anything. The British have, therefore, a talking point in their favor. In the meantime the Monroe doctrine seems to have been temporarily mislaid.

## GEORGIA'S DUTY.

Governor Slaton will leave Georgia because of intense feeling against him for commuting the sentence of Leo M. Frank. This is a lamentable condition of affairs quite unprecedented in this country. The governor pardoned Frank because he was not absolutely sure he was guilty. His guilt had not been established beyond a doubt and Slaton was unwilling that the blood of an innocent man should be on his hands. He had the last word and acted according to his best judgment and the dictates of his conscience. It is now for the people of Georgia to acquiesce in his decision and honor his stand for justice rather than give over to mob rule that endangers his life.

Owing to the energetic business policy of Henry Ford, Gray's Elegy is very much out of date. It should read: "Homeward the ploughman chugs his cheery way."

believe they may produce a situation in Mexico that will prevent this government from being too aggressive against issues growing out of the European war. If any foreigners were interested it is said they would be Englishmen, on account of their large oil holdings. At the department of justice it was admitted that the subject of where the funds for this revolution came from is under investigation.

Inside details of the plot have begun trickling out. Other Mexicans and some Americans are under surveillance by the department of justice.

Official information was disclosed that weeks ago Huerta, in apparent seclusion at his country place on Long Island, offered his services to General Iturbide, one of the exile colony in New York, and at the same time sent an emissary to Washington to ask if he would be persona grata to this government if he took a part in Mexican affairs.

Asked U. S. Consent. Iturbide declined Huerta's company and simultaneously Washington sent word to the former dictator that he would be decidedly persona non grata.

Immediately thereafter Huerta renewed his offer to Iturbide with a modified proposal that Iturbide accept Huerta's aid without the former dictator's leadership, but with the cooperation of his associates. This last offer, officials say, Iturbide accepted.

Defeat of Supreme Chief Confirmed by American From Mexico.

Washington, June 29.—Further confirmation of the defeat of the Carranza army, advancing on Mexico City, brought to Vera Cruz by an American from the capital, was received at the State department.

The state department's dispatch said General Carranza was rushing troop trains from Vera Cruz to the capital, that fighting, at the hour the courier started, still was going on in the outskirts of Mexico City, and that a repetition of the "tragic ten days" which preceded the overthrow of Madero, with probably added horrors, was feared.

## "ASSEMBLIAN" WILL BE ISSUED SOON

BOOKLET TELLING OF GREAT PROGRAM WILL GO INTO THOUSANDS OF HOMES

#### OPENING DAY SATURDAY JULY 31

Dr. Clinton N. Howard Will Lecture On First Day—Bishop Bell Following Sabbath

Tomorrow is the big farmers' picnic at Amboy; Saturday Amboy will celebrate the Fourth of July Monday Dixon will make the National Eagle scream. And after all these big days are gone and our people have had a short rest, comes the opening of the greatest of them all, the Rock River Assembly, which opens its gates Saturday, July 31.

All over northern Illinois people are already talking about the Assembly. In a short while the little book which tells all about the program will be placed in thousands of homes and pans will then be made for a visit to Dixon and the city's famous chautauqua.

Dr. Clinton N. Howard will lecture Saturday, July 31, the opening day; Bishop William M. Bell, will preach on the first Sabbath, August 1st. On both the opening day and the Sabbath following the noted Cathedral choir of eight voices will entertain with splendid programs of high grade music. The first two days of the Assembly this year are good ones and the management will arrange plans to take care of many thousands.

This year, we will have a full-blooded Indian talk. One of the most noted doctors of the Republic of China will lecture; Dr. Willis L. Moore, who had charge of the National Weather Bureau at Washington for 17 years will tell how the "weather is made." He is a man that has an interesting story to narrate. Plan now to attend the Rock River Assembly.

## WORLD CONVENTION OF Y. P. S. C. E. NEXT

WILL BE HELD IN CHICAGO JULY 7-12; THE FIRST HELD SINCE 1909.

(Associated Press)

Chicago, June 29.—A review of the work of the Christian Endeavor in every land, plans for its further extension, and the discussion of virtually every phase of religious activity, will come before the World Convention of the Society of Christian Endeavor, which meets in the Coliseum at Chicago, July 7-12.

It is expected that 15,000 delegates representing 100,000 of the evangelical churches throughout the world, will be in attendance.

The convention is the first world meeting since that at Arga, India, in 1909, as a sudden outbreak of small pox in Australia necessitated the cancellation of the meeting arranged to be held at Sydney, N. S. W., in 1913. When originally planned, more than a year ago, it was expected that the Chicago convention would be the largest in the history of the organization. The war, however, will materially affect the European representation and it is possible that there will be no delegates from either Germany or Austria. Representatives from England, France, Spain, Italy, Persia, India, Siam, China, Japan, Australasia, Africa and Latin America already have reached the United States or are on their way.

## Doughnuts

That will remain moist.

Every housewife who bakes her own bread knows that if a little potato is added to the sponge, the bread will not dry out as quickly. In this recipe potato is utilized to make doughnuts that will remain moist and fresh for several days.

K C will be found to have distinct advantages over any other Baking Powder for doughnuts. K C is a double acting baking powder with which a large batch of doughnuts may be mixed and fried a few at a time. The last will be as light and nice as the first.

#### K C Potato Doughnuts

By Mrs. Nevada Briggs, of Baking School fame.

**3 cups flour; 2 eggs; 1 cup sugar; 1 level teaspoonful K C Baking Powder; 1/2 teaspoonful salt; 1/2 teaspoonful mace; 1 cup cold mashed potato; 1 cup milk; or more if needed.**

Sift three times, the flour, salt, spice and baking powder. Beat eggs with rotary beater, then still using rotary beater, gradually add sugar, then work in the mashed potato with a spoon and alternately add milk and flour mixture. Make a soft dough, roll into a sheet, cut into rounds, pinch a hole in the center with the finger and fry in deep fat.

Fat for frying should not be hot enough to brown the doughnut until it has risen. When the doughnut is dropped into the fat it sinks to the bottom. As soon as it comes up it should be turned and turned a number of times while cooking. This recipe is excellent as they do not take the fat in frying and will stay moist for days.

## NEW GAME AND FISH LAW EFFECTIVE JULY 1

MANY CHANGES ARE PROVIDED IN MEASURE WHICH HAS BEEN ADOPTED

Several changes have been made in the Game and Fish Conservation Act and become effective on July 1. City Clerk Blake Grover has just been notified by the State Game Warden as to certain changes. Under it hunting will be allowed after August 1, on which date the squirrel season opens and provides a season for rabbits (which have hitherto been unregulated) beginning on August 31. Fishing with dip nets, hoops nets, fyke nets, baskets or traps, will be allowed after July 1. Open season for fishing with seines is September 1 to April 15 of succeeding year. Following is a synopsis of the new law:

##### Open Season

One may shoot quails from November 9, to December 9, both dates inclusive, twenty-eight days open. Limit, twelve per day.

Prairie chickens from October 1 to October 15, both dates inclusive, fifteen days open. Limit, three per day.

Squirrels from August 1 to January 31, both inclusive, 184 open days. Limit, fifteen per day.

Doves from August 1 to August 31, both dates inclusive, open fifteen days. Limit, ten per day.

Jacksnipe and plover, September 1 to December 31, both inclusive, 106 days open. Limit, fifteen per day.

Rabbits from September 1 to January 31, both dates inclusive, 153 days open. No limit, but ferrets are prohibited.

Ducks from February 15 to March 31, in the spring and from September 1 to December 15 in the fall, all dates inclusive.

Fur bearing animals, —raccoon, mink, muskrat, skunk, opossum or otter—from November 1 to March 31, both dates inclusive. Open season.

son 151 days.

All game, when carried in train or interurban car or by any common carrier, must be open for inspection and in the possession of the owner, and he must have a hunter's license on his person.

##### Change in Fish Laws

Several changes have been made also in the fish law of the state by a bill just passed by the legislature.

Trammel nets are eliminated. No restriction is placed on the hook and line fishing.

The commercial season closes April 15 and does not re-open until July 1.

The seining season starts September 1, and continues until the close of the commercial season, April 15.

The sale of bass or any kind of game fish is forbidden, whether caught within the jurisdiction of the state or not. This forbids the sale of bass caught in other states and shipped to Illinois.

A license of 50 cents is placed on all hoop nets and traps.

License of \$5 per 100 yards is placed on seines, and the maximum length of seines has been increased from 600 yards to 1,000 yards.

##### TO WOMEN WHO OVERDO

Thousands of American women in our homes are daily sacrificing their lives to duty. In order to keep the home neat and attractive, the children well dressed and tidy, women overdo. Soon a weakness or displacement is brought on and they suffer in silence, drifting along from bad to worse. For forty years Lydia E. Pinkham's Vegetable Compound has proven a boon and a blessing to women in this condition, by restoring their systems to a normal healthy condition. Why don't you try it?

We wish to extend our heartfelt thanks to our many friends for their tender sympathy and helpfulness during our recent bereavement.

Kate, Nellie and Frank Plant.

##### AT FAMILY TONIGHT

Charlie Chaplin in his funniest comedy of "Dough and Dynamite" in 2 reels, will be shown at the Family tonight.

## Dramatic Notes

##### AT THE OPERA HOUSE

"Camille," which pleased so well last night will be presented again by the Enterprise Stock company this evening. Episode No. 9, "A Runaway Match," or the serial "The Diamond from the Sky" will be the movie feature. "Under the Table" a two reel L-Ko side splitter, will also be shown.

##### AT THE PRINCESS

"The Strike at Centipede Mine" a two reel Domino feature, will be shown at the Princess theater tonight. This is a thrilling story of the western mining country, with Richard Stanton and Margaret Thomson in the leading roles. The other pictures are a Keystone comedy entitled, "A Versatile Villain," one of the funniest Keystone ever produced. The last reel is a Thanhouser drama entitled "In the Valley" with Lorraine Huling and Morgan Jones in the leading roles. A story of a little journey in the world wonderfully produced and acted by a splendid cast of Thanhouser players.

##### FAMILY THEATRE.

A two reel picture called "Dough and Dynamite" featuring the world's greatest comedian, Charlie Chaplin, will be shown at the Family this evening. Mr. Chaplin is recognized as the funniest of all moving picture comedians and wherever his pictures are shown the theatre has been so thoroughly enjoyed last night. A copy of one of the late songs will be given with each paid admission.

jects and Tuesday night hereafter will be known as Chaplin night.

In connection with the above a three reel picture of the enemies will be shown, featuring Harry Morey, Edith Storey and Wm. Shealin. A special feature for this evening will be the singing of popular songs which was so thoroughly enjoyed last night. A copy of one of the late songs will be given with each paid admission.

# THE INVASION OF AMERICA

BY J. W. MULLER

Copyright, 1915, by J. W. Muller. All rights reserved.

A Narrative Fact Story Based Authoritatively on the Inexorable Mathematics of War—What Can Be Done to Oppose an Invading Army With Our Actual Present Resources In Regulars, Trained Militia, Untrained Citizens, Coast Defenses, Field Artillery, and All Other Weapons of Defense.

## CHAPTER VII.

### The American Army's Lack of "Eyes."

IN the army headquarters, where a single short order had set loose all this saturnalia of destruction, the commanding general and his staff were busied with something that was of more immediate importance to them. Desperately they were thrusting out for information, and always they were baffled by superior numbers, superior resources.

They had pushed cavalry toward the coast, and it had been driven back by artillery and long range fire from the ships, whose aim was controlled by aeroplane signals from the sky and wireless from the shore. They had pushed out motor scouts, and the artillery had found them. Always at every approach during the night or since daylight the ships' fire had swept the roads.

Now, scarcely an hour after sunrise, the army aeroplanes had come back after only haphazard scouting. They had not been able to fly over the invaded coast. Wherever they tried it, they reported, they were met by enemy planes in superior numbers.

One United States air man had been driven by four enemy planes into Narragansett bay, where he had been picked up by boats from the Newport

were startled by a distant roar that grew, almost before they had first heard it, into a thundering that shook the air. They stared upward and beheld the first squadron of armed flying machines that America ever had seen.

Armored, with the bright colors of the enemy on their under bodies, the aeroplanes from the enemy fleet flew low. They skimmed close to the state house on Boston's Beacon Hill. They flew over the tall municipal building of New York and dipped toward the city hall. They appeared over Providence and Fall River, over Brockton, over Bridgewater and New Haven. They passed over every one of the factory cities of New Jersey that crowd to be near New York's harbor.

Where they appeared it was as if they bore some instant charm to turn the world to stone. All the city noises stopped dead. All motion stopped. Then the people fled. Motormen and drivers bent low and yelled, and sent their vehicles ahead blindly. The crowds rushed every doorway. They fought for the protection of narrow corridors as if they were bomb proofs. They squeezed themselves close to the sides of buildings, and clung to smooth iron and granite, and stared upward,

up in flames and fragments. Let us leave him not so much as a rivet to pick up for loot!"

"If all thought like you," said one, an old, grave man. "But we have 700,000 people, and they are not soldiers or philosophers; they're human men. It is laid on us to protect them at whatever price to our national pride. If humiliation is the price that we must pay for our past carelessness, why, gentlemen, we must pay it, bitter though it is."

So it was in New York, in Philadelphia, in a score of cities between and around them. Everywhere was the first outburst of fury and unrecking heroism, and then the sober second thought born not of cowardice, but of cold logic. This northeastern Atlantic seaboard with its chain of 12,000,000 city dwellers was no Holland to drown itself under its own sea in order to destroy its foe. These cities were no Moscovs to devour themselves in fire that the enemy might perish with them. This was the United States of America, and this was the twentieth century, and the men, no less brave, no less patriotic, faced the conditions of their place and time.

They formed committees of safety. They wrestled with their topheavy municipal machineries to make them answer the sharp need. Under the stress all the defects of their political rule stood out uncompromisingly, not to be denied. Their overstuffed departments were lost in the ingenious mazes of their own contriving. There was only one answer to the inextricable, blind confusion. It was martial law.

But here, too, there was inefficiency—inefficiency that had been cultivated and tended, like a plant, by politics through the heedless years. In the armories there were no reserve supplies of weapons or ammunition for the volunteers who came to offer their services. Although the United States government had given the states enough money annually for many years back to equip them to full war strength, and although the militia nowhere had maintained even one-half of that strength, there were no reserves of blankets, of uniforms, of tents, of cots.

The volunteers could not even be shod. Those who were accepted had to drill in their worthless street shoes that never could survive the test of rough roads and mud and water.

Politics, politics! It stared the appalled citizens in the face wherever they turned, as it had stared them in the face for a generation, but now they had to look and see! It was politics that had left their state militias to blunder along, each by itself, without agreement or settled plan. It was politics that now had sent their plucky, intelligent, capable young men into the field insufficiently equipped, trained or organized. It was politics that now left their cities bare, to be made a sport of.

Not one in a thousand of the volunteers ever had built a fire of sticks, or pitched a tent or even washed dishes. Not one of five thousand ever had held a gun in his hands. There were thousands there, and thousands again, who did not even know what it was to be in the dark, for they had slept all their lives in the electrically lighted city.

It was not men that the regular army needed. It was reserves! And never a congress of all the congresses that had talked and voted and appropriated had voted a practical system of army reserves!

Of all the men who had been trained by previous army experience, the war department could not call on one unless he chose to volunteer. If those men—invaluable to the country at this moment—offered themselves, they offered themselves one by one, here and there and everywhere, scattered through a land of 3,250,000 square miles. Enlisted thus, they were futile individuals lost in hordes of raw recruits.

While the United States, civilian and military, was working hopelessly to make up in desperate hours for long years of waste, the efficient, prepared, resourceful invader was landing his army, not only without losing a man, but without getting a man's feet wet. So perfect were the dispositions of this expedition that the commander had been able to order, "Our troops must land perfectly dry," and the order was carried out.

Every transport had three broad gangways to a side. Never for a moment were these gangways bare of equipped men, moving file after file into the enormous flat bottomed landing barges. Never for a moment was the sea without long tows of them, each bearing 200 men to shore with their rifles between their knees, ready.

In the camp of the United States army at that moment men were breaking green horses for cavalry and artillery purposes. On the coast the enemy's four decked horse transports were sending trained mounts into broad floats with derricks and slings, lowering away with head and tail lines to prevent struggling.

Nothing had been forgotten, nothing left to be improvised. The horse floats had hinged sterns. Backed into the beach, these hinged boards dropped

down and formed gang planks. Sailors threw collision mats on them to prevent slipping. It required less than a minute to lower a horse from the ships to the floats. In less than half a minute each horse was unloaded from them and set ashore. To empty each float of its cargo of twenty horses and to have each craft off the beach and under tow again for another land was a matter of less than forty minutes.

Almost as swiftly, at another end of the beach, guns were being landed from the same type of floats, shrapnel and wide beamed, that could be run well up on shore and could withstand the pounding of the surf.

Yet the beach never was occupied for a moment. The guns were rushed inland, the men were rushed inland, the horses were rushed inland. Twelve hours after the first landing party had prepared the way Rhode Island was occupied by 30,000 foot, 3,000 cavalry and 50 batteries of artillery—almost two full divisions that lay in a great belligerent front snarling with guns—a perfect, complex, often assembled, often tested machine.

Under average conditions it is possible to land 25,000 infantry, 1,000 cavalry and 60 guns in six hours. In the Crimean war 45,000 men, 83 guns and 100 horses were disembarked and set on shore in less than eleven hours without modern appliances. "Over Seas Operations." See also British and French records.]

This was the time for the American army to strike, before the enemy could increase his forces and move forward to attack.

## COMB SAGE TEA IN HAIR TO DARKEN IT

Grandma kept her locks dark, glossy, thick with a mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's greatest secret, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mossy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle.

It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive besides, prevents dandruff, itching scalp and falling hair.

## ASK YOUR NEIGHBOR!

### EXPERIENCE OF ILLINOIS FOLKS.

Paris, Ill.—"I found myself run down and weak from the effects of La Grippe. I needed a reliable building-up medicine and found it in 'Golden Medical Discovery.' I saw it advertised and used two bottles. It helped me when doctors' medicines failed. I found it increased my strength and appetite and built me up in every way. To help some other person similarly placed, I am glad to have you publish this statement."—Miss Wm. W. Clark, 509 Prairie St., Peoria, Ill.

Good blood means good health; good health means strong men and women, full of vigor and ambition, with minds alert and muscles ever willing. This vegetable remedy, to a great extent, puts the liver into activity—oils the machinery of the human system so that those who spend their working hours at the desk, behind the counter, or in the home are rejuvenated into vigorous health. Has brought relief to many thousands every year for nearly 50 years. It can relieve you and doubtless restore you to your former health and strength. At least you owe it to yourself to give it a trial. Sold by medicine dealers or send 50 cents for trial box of tablets.—Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

It will clear the skin; eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other evidences of tainted blood will pass away, never to appear again. Write Dr. Pierce for free confidential medical advice.

## ARE YOUR KIDNEYS WELL

MANY DIXON PEOPLE KNOW IMPORTANCE OF HEALTHY KIDNEYS.

The kidneys filter the blood. They work day and night. Well kidneys remove impurities. Weak kidneys allow impurities to multiply.

No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles, If you are nervous, dizzy or worn out,

Begin treating your kidneys at once; Use a proven kidney remedy. None endorsed like Doan's Kidney Pills.

Recommended by thousands. Proved by Dixon testimony.

W. Walford, blacksmith, Peoria avenue, Dixon, says: "I used to have quite a lot of trouble with my back and kidneys. The kidney secretions were irregular in passage. My back ached, too. I used several boxes of Doan's Kidney Pills and the pains left my back and my kidneys became regular in action."

(Statement given May 21st, 1912.)

NO TROUBLE SINCE. On January 21st 1915, Mr. Walford said: "I have had no kidney trouble at all for the past few years and I give the credit of my cure to Doan's Kidney Pills."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walford had. Foster-Milburn Co., Props., Buffalo, N. Y.

**Diamond Edge Hatchets** are made in all the various styles. The cutting edge of each hatchet is made of extra crucible steel, carefully tempered, thoroughly tested, and ground down to a perfect cutting edge. The handles are carefully set, and they have that balance and feel that the workman demands.

A Diamond Edge Hatchet costs you a few cents more than the other kind, but for these few cents you get the difference between the thoroughbred and the cheap; you get the finest of steel; the tested quality of temper; the careful balance; the perfect finish; the "tone" and "clack" that satisfies. You are justified in paying any reasonable price for such quality.
